

Simple Guest Messaging

Improve the guest experience with peace of mind and faster service.

Easy-To-Use Guest Messaging Solution

The T9560MT transmitter is a simple, affordable component of an LRS guest paging system. Used by businesses to notify guests when their services are ready, the T9560MT quietly alerts guests. With the touch of a button, send instant customized messages or page guests and enhance the guest experience.

Enhance Customer Experience

Guests can wait comfortably knowing they won't be forgotten. Silent guest paging provides customers peace of mind and a better overall service experience.

Increase Staff Productivity

Page guests with a simple touch-button device, giving staff the tools they need to be more efficient and productive.

Boost Revenue

Get customers in and out faster with guest messaging. Provide fast service with smooth operations and increased customer satisfaction.

ADDITIONAL FEATURES:

- Works with all LRS Pagers
- Easy to use
- Page an unlimited number of guests
- Rechargeable

HOW IT WORKS

- 1 Assign**
Provide an LRS pager to a guest while they wait.
- 2 Notify**
Press the corresponding number of the guest you want to alert, and the T9560MT transmitter sends the guest a page or message.
- 3 Serve**
Upon receiving the page, the customer returns for quick and immediate response from the staff.
